Re: Review of Federal Communications Commission's Triennial Review Order  
Regarding Unbundling Requirements for Individual Network Elements  
PSC 2003-00379

Dear Mr. Strickler:

The Kentucky Public Service Commission ("KPSC") issued an Order March 16, 2004, regarding this proceeding in view of the March 2, 2004, decision issued by the United States Court of Appeals for the District of Columbia Circuit on various Triennial Review Order appeals in United States Telecom Association v. Federal Communications Commission. The procedural schedule in the Kentucky TRO case remains in effect in all respects except for the hearing scheduled for April 26.

Along that line, this is a follow up to my February 26, 2004, letter to you and your February 27, 2004, reply to me regarding discovery propounded by BellSouth in this case to Bowling Green Municipal Utilities ("BGMU"). You indicated your clients were unavailable on the 27<sup>th</sup> but that you would discuss with them and get back to me on Monday, March 1, whether BGMU will respond to the discovery attached to the Subpoena Duces Tecum served on you February 20, 2004, or whether it will be necessary for BellSouth to request a valid subpoena form the KPSC to take the deposition of Teresa Newman in Warren County.

Thank you for your assistance in this matter. I look forward to hearing from you.

Yours very truly,

Cheryl R. Winn
